Dem Hoang Dao Thumb.jpg Introduction

The Sheltering Sky

A beautiful 65th anniversary paperback edition of the landmark literary work by acclaimed author Paul Bowles. In this classic work of psychological terror, Paul Bowles examines the ways in which Americans apprehend an alien culture--and the ways in which their incomprehension destroys them. The story of three American travelers adrift in the cities and deserts of North Africa after World War II, *The Sheltering Sky* is at once merciless and heartbreaking in its compassion. It etches the limits of human reason and intelligence--perhaps even the limits of human life--when they touch the unfathomable emptiness and impassive cruelty of the desert.

The Tale of Kieu

Since its publication in the early nineteenth century, this long narrative poem has stood unchallenged as the supreme masterpiece of Vietnamese literature. *Thông's* new and absorbingly readable translation (on pages facing the Vietnamese text) is illuminated by notes that give comparative passages from the Chinese novel on which the poem was based, details on Chinese allusions, and literal translations with background information explaining Vietnamese proverbs and folk sayings.

The Book of Leadership

'Full of seriously good leadership wisdom - a must read for those who aspire to greatness' Richard Koch, bestselling author of *The 80/20 Principle* 'One of the most stimulating books to read on leadership' Philip Kotler, Professor of International Marketing at the Kellogg School of Management 'Loaded with practical, thought-provoking ideas on leadership that can profoundly affect your life' Brian Tracy, bestselling author of *How the Best Leaders Lead* and *Eat That Frog!* Have you ever wondered what characteristics are shared by successful business leaders? Have you ever asked yourself what it is that they do differently which makes them and their organisations stand out from the crowd? And what can you learn from them to ensure your own success? If so, *The Book of Leadership* is for you. Anthony Gell has conducted interviews with some of the most successful CEOs, entrepreneurs and business thinkers in the world, including Sir Terry Leahy, former CEO of Tesco, Richard Reed, founder of innocent drinks, Olaf Swantee, CEO of EE and Daniel Goleman, author of the bestselling *Emotional Intelligence*. Now for the first time, he is bringing together hours of exclusive interview footage into a single resource for anybody looking to improve their leadership skills. In *The Book of Leadership* he combines his own experiences as a CEO with those of the leaders he has interviewed to provide insights and advice in three core areas: * Part 1 looks at leaders as individuals and reveals the personal habits and attributes that have laid the foundations for their success. * Part 2 focuses on what it takes to build and motivate a world class team * Part 3 goes beyond team leadership to identify how the habits of effective leadership are carried through on a larger scale in organisations.

The Tokyo Zodiac Murders

One of The Guardian's "Top 10 Locked Room Mysteries" An amateur detective races to solve a decades-old murder mystery in this "bloody and bizarre" Japanese crime novel with a twist hailed as "one of the most original" (Daily Mail). Astrologer, fortune teller, and self-styled detective Kiyoshi Mitarai must solve a macabre murder mystery that has baffled Japan for 40 years—in just one week. With the help of his freelance illustrator friend, Kiyoshi sets out to answer the questions that have haunted the country ever since: Who murdered the artist Umezawa, raped and killed his daughter, and then chopped up the bodies of six others to create Azoth, 'the perfect woman'? With maps, charts, and other illustrations, this story of magic and illusion—pieced together like a great stage tragedy—challenges the reader to unravel the mystery before the final curtain falls. This quintessential Japanese "logic mystery"—eerie, gory, and intriguing—combines the puzzle-solving of Golden Age Western detective fiction with elements of shocking horror and dark humor.

Moribito: Guardian of the Spirit

You've never read a fantasy novel like this one! The deep well of Japanese myth merges with the Western fantasy tradition for a novel that's as rich in place and culture as it is hard to put down. Balsa was a wanderer and warrior for hire. Then she rescued a boy flung into a raging river -- and at that moment, her destiny changed. Now Balsa must protect the boy -- the Prince Chagum -- on his quest to deliver the great egg of the water spirit to its source in the sea. As they travel across the land of Yogo and discover the truth about the spirit, they find themselves hunted by two deadly enemies: the egg-eating monster Rarunga . . . and the prince's own father.

HBR's 10 Must Reads on Making Smart Decisions (with featured article Before You Make That Big Decision... by Daniel Kahneman, Dan Lovallo, and Olivier Sibony)

Learn why bad decisions happen to good managers—and how to make better ones. If you read nothing else on decision making, read these 10 articles. We've combed through hundreds of articles in the Harvard Business Review archive and selected the most important ones to help you and your organization make better choices and avoid common traps. Leading experts such as Ram Charan, Michael Mankins, and Thomas Davenport provide the insights and advice you need to: Make bold decisions that challenge the status quo Support your decisions with diverse data Evaluate risks and benefits with equal rigor Check for faulty cause-and-effect reasoning Test your decisions with experiments Foster and address constructive criticism Defeat indecisiveness with clear accountability

Joint Declaration on the Doctrine of Justification

This volume presents in English the official Joint Declaration on the Doctrine of Justification, confirmed by the Lutheran World Federation and the Roman Catholic Church in Augsburg, Germany, in October 1999. The result of decades of Lutheran-Roman Catholic dialogue, this primary document represents an ecumenical event of historical significance. Included in the volume are the Joint Declaration on the Doctrine of Justification and the Official Common Statement with its Annex. These texts are recommended for careful study in seminaries and parishes and for reading by individual Christians. It is hoped that the Joint Declaration will deepen understanding of the biblical message of justification and also serve to further reflection within the wider ecumenical movement.

Tap Dancing to Work

Warren Buffett built Berkshire Hathaway into something remarkable— and Fortune journalist Carol Loomis had a front-row seat for it all. When Carol Loomis first mentioned a little-known Omaha hedge fund manager in a 1966 Fortune article, she didn't dream that Warren Buffett would one day be considered the world's greatest investor—nor that she and Buffett would quickly become close personal friends. As Buffett's fortune and reputation grew over time, Loomis used her unique insight into Buffett's thinking to chronicle his

work for Fortune, writing and proposing scores of stories that tracked his many accomplishments—and also his occasional mistakes. Now Loomis has collected and updated the best Buffett articles Fortune published between 1966 and 2012, including thirteen cover stories and a dozen pieces authored by Buffett himself. Loomis has provided commentary about each major article that supplies context and her own informed point of view. Readers will gain fresh insights into Buffett's investment strategies and his thinking on management, philanthropy, public policy, and even parenting. Some of the highlights include: The 1966 A. W. Jones story in which Fortune first mentioned Buffett. The first piece Buffett wrote for the magazine, 1977's "How Inflation Swindles the Equity Investor." Andrew Tobias's 1983 article "Letters from Chairman Buffett," the first review of his Berkshire Hathaway shareholder letters. Buffett's stunningly prescient 2003 piece about derivatives, "Avoiding a Mega-Catastrophe." His unconventional thoughts on inheritance and philanthropy, including his intention to leave his kids "enough money so they would feel they could do anything, but not so much that they could do nothing." Bill Gates's 1996 article describing his early impressions of Buffett as they struck up their close friendship. Scores of Buffett books have been written, but none can claim this work's combination of trust between two friends, the writer's deep understanding of Buffett's world, and a very long-term perspective.

Catch Me If You Can

The uproarious, bestselling true story of the world's most sought-after con man, immortalized by Leonardo DiCaprio in DreamWorks' feature film of the same name, from the author of Scam Me If You Can. Frank W. Abagnale, alias Frank Williams, Robert Conrad, Frank Adams, and Robert Monjo, was one of the most daring con men, forgers, imposters, and escape artists in history. In his brief but notorious criminal career, Abagnale donned a pilot's uniform and copiloted a Pan Am jet, masqueraded as the supervising resident of a hospital, practiced law without a license, passed himself off as a college sociology professor, and cashed over \$2.5 million in forged checks, all before he was twenty-one. Known by the police of twenty-six foreign countries and all fifty states as "The Skywayman," Abagnale lived a sumptuous life on the lam—until the law caught up with him. Now recognized as the nation's leading authority on financial foul play, Abagnale is a charming rogue whose hilarious, stranger-than-fiction international escapades, and ingenious escapes—including one from an airplane—make *Catch Me If You Can* an irresistible tale of deceit.

The Negro Motorist Green Book

The Negro Motorist Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, *The Negro Motorist Green Book* stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.

Happiness

50 short and simple mindfulness practices for cultivating happiness—anytime, anywhere—from world-renowned spiritual teacher Thich Nhat Hanh. You don't need to "formally" meditate in order to bring mindfulness into your daily life! Whether you're new to Buddhist teaching or you're a more experienced practitioner, this quintessential resource of Thich Nhat Hanh's most essential teachings will show you how to walk, sit, work, eat, and even drive with full awareness. In one accessible and easy-to-use volume, you'll find many kinds of meditations, including:

- Daily Practices: walking meditation, taking refuge, telephone meditation
- Eating Practices: kitchen meditation, mindful eating, tea meditation
- Physical Practices: resting and stopping, deep relaxation, mindful movements
- Relationship & Community Practices: deep listening and loving speech, peace treaty, hugging meditation
- Extended Practices: touching the earth, lazy day, traveling and returning home
- Practices With Children: helping children with anger, the cake in the refrigerator,

pebble meditation The only way to truly develop peace both in oneself and in the world is to learn to live in the present moment instead of the past or the future. Integrating these practices into daily life will allow you to cultivate peace and joy within yourself, leading to freedom from fear, misunderstanding, and suffering.

HBR's 10 Must Reads on Teams (with featured article *The Discipline of Teams*, by Jon R. Katzenbach and Douglas K. Smith)

Most teams underperform. Yours can beat the odds. If you read nothing else on building better teams, read these 10 articles. We've combed through hundreds of articles in the Harvard Business Review archive and selected the most important ones to help you assemble and steer teams that get results. Leading experts such as Jon Katzenbach, Teresa Amabile, and Tamara Erickson provide the insights and advice you need to: Boost team performance through mutual accountability Motivate large, diverse groups to tackle complex projects Increase your teams' emotional intelligence Prevent decision deadlock Extract results from a bunch of touchy superstars Fight constructively with top-management colleagues

bookdown

bookdown: Authoring Books and Technical Documents with R Markdown presents a much easier way to write books and technical publications than traditional tools such as LaTeX and Word. The bookdown package inherits the simplicity of syntax and flexibility for data analysis from R Markdown, and extends R Markdown for technical writing, so that you can make better use of document elements such as figures, tables, equations, theorems, citations, and references. Similar to LaTeX, you can number and cross-reference these elements with bookdown. Your document can even include live examples so readers can interact with them while reading the book. The book can be rendered to multiple output formats, including LaTeX/PDF, HTML, EPUB, and Word, thus making it easy to put your documents online. The style and theme of these output formats can be customized. We used books and R primarily for examples in this book, but bookdown is not only for books or R. Most features introduced in this book also apply to other types of publications: journal papers, reports, dissertations, course handouts, study notes, and even novels. You do not have to use R, either. Other choices of computing languages include Python, C, C++, SQL, Bash, Stan, JavaScript, and so on, although R is best supported. You can also leave out computing, for example, to write a fiction. This book itself is an example of publishing with bookdown and R Markdown, and its source is fully available on GitHub.

Start-up Nation

What the world can learn from Israel's meteoric economic success. Start-Up Nation addresses the trillion dollar question: How is it that Israel -- a country of 7.1 million, only 60 years old, surrounded by enemies, in a constant state of war since its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. In a world where economies as diverse as Ireland, Singapore and Dubai have tried to re-create the \"Israel effect\"

Agatha

THE INTERNATIONAL BESTSELLER A psychiatrist is counting down towards his upcoming retirement. He lives alone in his childhood home and has neither friends nor family. Often, he resorts to drawing bird caricatures of his patients instead of taking notes. His social life consists of brief conversations with his meticulous secretary Madame Surrugue, who has reigned over the clinic for more than thirty years. The two of them have no relationship outside the office, where everything runs smoothly and uneventfully. Until one day, that is, when a young German woman called Agatha arrives and demands to see the doctor and he soon

realizes that underneath her fragile exterior is a strong and fascinating woman. The doctor and Agatha embark upon a course of therapy together, a process that forces the doctor to confront his fear of true intimacy outside the clinic. But is it too late to reconsider your existence as a 71-year-old? Praise for Agatha: "Charming, funny and packed with insight." --Irish Times "This short, uplifting book brings us a more fully-realised character than most authors could manage with three times the room, and some painfully hard-won moments of genuine human contact in an arid life." --The National

Cultures at War

The Cold War in Southeast Asia was a many-faceted conflict, driven by regional historical imperatives as much as by the contest between global superpowers. The essays in this book offer the most detailed and probing examination to date of the cultural dimension of the Cold War in Southeast Asia. Southeast Asian culture from the late 1940s to the late 1970s was primarily shaped by a long-standing search for national identity and independence, which took place in the context of intense rivalry between the United States and the Soviet Union, with the Peoples' Republic of China emerging in 1949 as another major international competitor for influence in Southeast Asia. Based on fieldwork in Burma, Indonesia, Laos, Malaysia, the Philippines, Singapore, Thailand, and Vietnam, the essays in this collection analyze the ways in which art, literature, film, theater, spectacle, physical culture, and the popular press represented Southeast Asian responses to the Cold War and commemorated that era's violent conflicts long after tensions had subsided. Southeast Asian cultural reactions to the Cold War involved various solutions to the dilemmas of the newly independent nation-states of the region. What is common to all of the perspectives and works examined in this book is that they expressed social and aesthetic concerns that both antedated and outlasted the Cold War, ones that never became simply aligned with the ideologies of either bloc. Contributors: Francisco B. Benitez, University of Washington; Bo Bo, Burmese writer (SOAS, University of London); Michael Bodden, University of Victoria; Simon Creak, Australian National University; Gaik Cheng Khoo, Australian National University; Rachel Harrison, SOAS, University of London; Barbara Hatley, University of Tasmania; Boitran Huynh-Beattie, Asiarta Foundation; Jennifer Lindsay, Australian National University

IT Control Objectives for Cloud Computing

A blonde Irish woman sits in an ice-cream parlour on Le Loi Street singing, a crowd of Vietnamese street children around her, their eyes riveted on her smiling face... Christina Noble knows the pain and loneliness of being left outside the door - of having no door of one's own to walk through, for she was once a street-child herself, alone on the streets of Dublin. When she told the story of her early life in her bestselling autobiography *Bridge Across My Sorrows* she had no idea that it would prove a catalyst for so many others who had suffered childhood pain and rejection, or that it would inspire them to take the first courageous steps towards self-acceptance and their own self-healing. In 1989, driven by a dream and by the memory of her own past, she travelled 6,000 miles to Vietnam, a country of great beauty where war has left a terrible legacy. Against extraordinary odds she opened the Christina Noble Children's Foundation, a haven of food, beds, medical aid and schooling where the street children of Saigon can find safety and new beginnings under the protection of 'Mama Tina'. In this vivid and moving book Christina's compelling story continues with the amazing tale of what she and her Foundation have achieved. She takes us from the streets of Saigon to the Children's Prisons of Mongolia. A staunch campaigner for children's rights, for her there are no frontiers, only a world filled with children reaching out. Finally she returns to Dublin, where the former street orphan is officially and proudly greeted by the President of Ireland herself.

Mama Tina

"This charming short work recalls *The Little Prince* in its depiction of childhood sensibilities pitted against an often illogical and absurd adult world" (Publishers Weekly). A fable for all ages and a massive bestseller in the author's home country of Vietnam, *Ticket to Childhood* captures the texture of childhood in all of its richness. Narrated by a man looking back, it explores the small miracles and tragedies, the misadventures and

misdeeds, that made up his life. We meet his long-lost friends, none of whom can forget how rich their lives once were. Even if Nguyen Nhat Anh can't take us back to our own younger days, he proves himself a master at capturing those innocent times with great deftness—in a novel that also offers “a startlingly vivid portrait of 21st-century Vietnam and its growing pains” (Shelf Awareness). “A hugely appealing and engaging author.” —The New Criterion

Ticket to Childhood

A large-format atlas includes 250 geographical, topographical, and reference maps; 215 color photographs, charts, and graphs; an introduction to Hawaiian place names; and essays on the state's physical, biological, cultural, and social environment. Simultaneous. UP.

The Big Book of Home Remedies

Presents an introduction to Vietnam, its people, culture, and religion; features a history of Vietnamese immigration; and discusses some of the challenges faced by Vietnamese Americans in the areas of

employment, education, political participation, and cultural preservation.

The Vietnamese Americans

The Stories and the Games: Alekhine – Euwe – Botvinnik – Smyslov – Tal - Petrosian – Spassky – Fischer - Karpov – Kasparov For many years Jan Timman was one of the best chess players in the world. He combined his brilliant successes on the board with a passion for writing and meticulously analysing his own games and those of his rivals. Three times he was a World Championship Candidate and in 1993 he played in the final of the FIDE World Championship. In this fascinating book, Jan Timman portrays ten World Chess Champions that played an important role in his life and career. Alexander Alekhine (1892-1946) he never met, but the story of how in Lisbon he bought one of the last chess sets belonging to the fourth World Champion is one of many highlights in this book. Timman has a keen eye for detail and a fabulous memory, and he visibly enjoys sharing his insider views, including many revelations about the great champions. Timman's Titans not only presents a personal view of these chess giants, but is also an evocation of countless fascinating episodes in chess history. Each portrait is completed by a rich selection of illustrative games, annotated in the author's trademark lucid style. Always to the point, sharp and with crystal-clear explanations, Timman shows the highs and lows from the games of the champions, including the most memorable games he himself played against them.

Timman's Titans

The Vampire Tarot ties the tales and mythic figures associated with the vampire legend to the equally iconographic figures and forms of the tarot. This book explores the history of the vampire starting with Bram Stoker's classic 1897 novel, Dracula, as well as those writings that inspired Stoker and the vampire lore that derived from it. Stoker and his most famous work were both closely tied to the classic Rider-Waite-Coleman tarot. Now, author-illustrator Robert M. Place brings these two mythic traditions together with this extensively researched book that guides the reader through the subtleties and parallels within The Vampire Tarot, providing a guide for getting the most out of reading. Sure to delight not only tarot devotees but the general fan of the vampire mythos as well.

The Vampire Tarot

First published in 1989. Routledge is an imprint of Taylor & Francis, an informa company.

The Values of Change in Social Work

DigiCat Publishing presents to you this special edition of "The Old Man and the Sea" by Ernest Hemingway. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

The Old Man and the Sea

NEW YORK TIMES BESTSELLER • An essential volume for generations of writers young and old. The twenty-fifth anniversary edition of this modern classic will continue to spark creative minds for years to come. Anne Lamott is "a warm, generous, and hilarious guide through the writer's world and its treacherous swamps" (Los Angeles Times). "Superb writing advice.... Hilarious, helpful, and provocative." —The New York Times Book Review For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic

passage that gives the book its title: “Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he’d had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother’s shoulder, and said, ‘Bird by bird, buddy. Just take it bird by bird.’”

Bird by Bird

Innovate your way toward growth using practical, research-backed frameworks The Art of Opportunity offers a path toward new growth, providing the perspective and methods you need to make innovation happen. Written by a team of experts with both academic and industry experience—and a client roster composed of some of the world’s leading companies—this book provides you with the necessary tools to help you capture growth instead of chasing it. The visual frameworks and research-based methodology presented in The Art of Opportunity merge business design thinking and strategic innovation to help you change your growth paradigm. You’ll learn creative and practical methods for exploring growth opportunities and employ a new approach for identifying what “opportunity” looks like in the first place. Put aside the old school way of focusing on new products and new markets, to instead applying value creation to find your new opportunity, craft your offering, design your strategy and build new growth ventures. The changing business ecosystem is increasingly pushing traditional thinking out to pasture. New consumers and the new marketplace are demanding a profound adjustment to the way companies plan and execute growth strategies. This book gives you the tools to create your roadmap toward the new state of growth, and gain invaluable insight into a new way of thinking. The Art of Opportunity will help you to: Start looking at business growth from a new perspective Create value for the customers, company and ecosystem Innovate strategically and design new business models Develop a new active business design thinking approach to innovation Your company’s goal is to grow, and to turn non-customers into customers. The old ways are becoming less tenable and less cost-effective. The Art of Opportunity outlines the new growth paradigm and gives you a solid framework for putting new ideas into practice.

The Art of Opportunity

Here, with his remorseless eye for the truth, the bestselling author of Liar's Poker turns his sights on his own domestic world. The result is a wickedly enjoyable cautionary tale. Lewis reveals his own unique take on fatherhood, dealing with the big issues and challenges of new-found paternity: from discovering your three-year-old loves to swear to the ethics of taking your offspring gambling at the races, from the carnage of clothing and feeding to the inevitable tantrums - of both parent and child - and the gradual realization that, despite everything, he's becoming hooked. Home Game is probably the most brazenly honest and entertaining book about parenting ever written.

L?ch S? V?n Minh ? R?p

This is a nonsectarian guide for students undertaking their first systematic study of the Bible, giving information on archaeological data and historical background, and providing material on the date, authorship, and theological content of each book of the Old and New Testaments.

Are Muslim Men Allowed to Beat Their Wives?

This sequel to *The Miracle of Mindfulness* offers accessible, eye-opening guidance for spiritual seekers on the path from mindfulness to true insight. *The Sun My Heart* is one of Thich Nhat Hanh’s most beloved books. Using the objects and events of everyday life in his hermitage in Plum Village—the gradual settling of the pulp in a glass of apple juice or the wind blowing into the room and scattering papers about—Thich Nhat Hanh draws from Buddhist psychology, epistemology, and the world of contemporary literature and science to guide the reader along the path of clarity and understanding. This book can be read straight through, but is also designed to be opened randomly and experienced chapter by chapter, paragraph by paragraph. Thich Nhat Hanh suggests in the introduction that *The Sun My Heart* “prefers to be a friend rather than a book. You can take it with you on the bus or subway as you do your coat or your scarf. It can give you small moments of joy at any time.”

Understanding the Bible

An important manual for young designers from Italian modernist Massimo Vignelli. The famous Italian designer Massimo Vignelli allows us a glimpse of his understanding of good design in this book, its rules and criteria. He uses numerous examples to convey applications in practice - from product design via signaletics and graphic design to Corporate Design. By doing this he is making an important manual available to young

designers that in its clarity both in terms of subject matter and visually is entirely committed to Vignelli's modern design.
